Seminar On Computer Aided Drug Design

0.017 th October 2019 – Seminar On Computer Aided Drug Design

Chettinad school of Pharmaceutical Sciences and Faculty of Allied Health Sciences jointly organized a one day seminar on "Computer Aided Drug Design." The resource person was Dr. Chandramouli Radhakrishnan, Technical Support Scientist from Certara, Parkville, Australia. Head I/C, Chettinad School of Pharmaceutical Sciences welcomed the participants for the seminar and Dr Antara Banerjee introduced the speaker to the audience. The speaker initially gave a general introduction to the principles of pharmacokinetics, and the importance of correlating between in vitro and in vivo drug levels. He also explained and demonstrated to the audience the various software tools that were available, for simulation in pharmacokinetic parameters. Director, Research, CARE, Prof. Dr. R. Murugesan felicitated the speaker with a memento. 75 faculty, research scholars and students of CARE attended the seminar and interacted with the speaker and reported it to be very useful.
