

Impart knowledge on making of toilets

Date: 15.06.2018

Venue: Thaiyur Village, Ward 2 (Eri Ethir Vayil)

Theme: Swachh Bharat

Summary: The major issue in the village Eri Ethir Vayil was the toilet awareness. We came to know that there are no proper toilets in the village. Some houses already had toilets in their houses, but some had half constructed toilets. The swachh bharat interns informed them about the government schemes for making the toilets. Some villagers have obtained the government toilet building facility but the construction was incomplete. The campaign was headed by Dr. Koyeli Girigoswami, UBA coordinator, CARE.
