

One Day Seminar on “Phytotherapeutics and Nutrition” -2015

Date: 21.12.2015

Venue: Lecture Hall 1 , CHRI

Theme: Nutrition and Phytotherapeutics Awareness

Summary: A one day seminar was organized on “Phytotherapeutics and Nutrition” on 21.12.2015 from 10.00 a.m. onwards. This seminar helped students including NSS volunteers, research scholars and faculties to gain knowledge about the current development of phytochemicals in therapeutics as well as the importance of nutrition in various diseases. The invited speakers were

1. Dr. Debnath Chaudhuri, Retd. Professor and HOD of Department of Biochemistry and Nutrition and Department of Sanitary Engineering, All India Institute of Hygiene and Public Health, Kolkata, Govt. of India.
2. Dr. Aditi NagChaudhuri, Associate Professor and HOD, Department of Microbiology, Lady Brabourne College, Kolkata, Govt. of West Bengal.

The speakers are internationally recognized experts in their fields.

The topics of the lectures are follows:

1. “Nutrition Problem in India and Its Management” by Dr. Debnath Chaudhuri
2. “Multi-drug Resistant Tuberculosis and Aqueous Garlic Extract as Phyto-Therapeutic Agent” by Dr. Aditi Nag Chaudhuri.

The afternoon session was continued having interactions with the students, scholars and faculties. The seminar was a great success.
