

Rally for Rivers and NSS Day Celebration

Date: 27.09.2017

Venue: CHRI.

Theme: Rally for rivers

Summary: As a part of NSS Day celebration NSS, CARE organized a Rally for Rivers in collaboration with Isha Yoga Foundation, Chennai Chapter,. Many students from CCN and FAHS participated in the rally which was held inside the campus of CHRI. The chief guests were Ms. Usha Rao and Ms Lakshmi Prasanna from Isha Yoga foundation who was introduced by Dr. Koyeli. They gave an oral presentation about the importance of rivers in India and how the rivers are getting dried up. By 2030 50% of the rivers in India will not have enough water. Many rivers did not meet the ocean for many months due to lack of water. The main reason was cutting down of trees on both sides of the rivers. The proposal to rejuvenate the rivers was to plant tall trees 1 Km on both sides of the rivers to allow precipitation and cause rain. We all must give a missed call at 8000980009 to vote for this proposal. The students were shown videos regarding the rally for rivers followed by the rally. The response was very nice and we thank the team of Isha Yoga and our honorable trustee to permit us to conduct the programme successfully.
