WHAT IS THE SIGNIFICANCE OF GANDHI TO THE MODERN WORLD AND WHAT IS THE SECRET OF HIS SUCCESS?

Gandhi has been a great light for the Tibetan leader Dalai Lama who puts Gandhi's success in right perspective. He said, *"Many ancient Indian masters have preached ahimsa, non-violence as a philosophy. That was mere philosophical understanding. But Mahatma Gandhi, in this twentieth century, produced a very sophisticated approach because he implemented that very noble philosophy of ahimsa in modern politics, and he succeeded. That is a very great thing."*

Barack Obama, the present US President, sees Mahatma Gandhi as an inspiration and has a portrait of the apostle of peace in his office. He commented, *"In my life, I have always looked to Mahatma Gandhi as an inspiration, because he embodies the kind of transformational change that can be made when ordinary people come together to do extraordinary things."*
