At the outset the Convener welcomed the members of the Library Committee.

The Convener brought to the notice of all Members about the University Grants Commission Review Meeting suggestions in the matter of procurement of more books and the suggestions is extracted below :

"Students should be allowed to borrow more books for which number of copies of current edition of standard Text books be adequately procured"

Taking into consideration of the suggestions, the committee unanimously resolved that the number of library books issued to a student be increased from 1 to 5 at a time. To facilitate this, the library committee shall send necessary proposals to the purchase department for procurement of adequate number of books for lending to students.

The Librarian may be informed of the resolution passed above and to allow students to borrow books raising the number 1 to 5 at a time.

With this, meeting came to an end.

Prof. Dr. T. Kathir Subramaniyam,

Convener - Library Committee.
