To,

All State Medical Councils.

Subject: Regarding Postgraduate Qualifications (MD/ MS/ DM/ M.Ch.) i.e. Recognition/ Recognition against increased intake/ Renewal of Recognition of the academic year 2020-21.

Dear Sir/ Madam,

As per para 6(2) of Postgraduate Medical Education Regulation, 2000, "The institute shall apply for recognition of the Postgraduate Medical qualification to the Central Government through the affiliating University, when the first admitted batch shall be due to appear for the examination to be conducted by the affiliating University." In view of the COVID Pandemic, the system of physical inspection at the time of examination could not be followed as prescribed by the regulation and therefore, the process of recognition of new PG courses, recognition against the increased intake of PG courses and renewal of recognition of PG courses could not be completed.

2. Keeping in view of the extraordinary situation arising out of COVID Pandemic, Postgraduate Medical Education Board (PGMEB) and Medical Assessment & Rating Board (MARB) has decided to provide One year provisional recognition to all the PG courses which includes Broad & Super-Specialty courses for academic year 2020-21, so that the Postgraduate Medical students do not face any difficulty while registering their additional qualification with the registering authorities.

3. It is therefore, requested that all the State Medical Council may register all the PG courses which are shown as Permitted on the National Medical Commission (NMC) website and, PG students have passed during the academic year 2020-21.

Yours faithfully,

(Aujender Singh)
Deputy Secretary
