

CHETTINAD ACADEMY OF RESEARCH & EDUCATION

INSTITUTIONAL HUMAN ETHICS COMMITTEE

Minutes of the IHEC meeting held on 12.11.2020

Members Present:

1. Dr.Rajeswari Ramachandran	Chairperson
2. Dr.A.Ruckmani	Member Secretary
3. Dr.Mohanrao	Member
4. Dr.Vijayashree	Member
5. Dr.R.Anantharamakrishnan	Member
6. Mr.Shyamtanupal	Member
7. Dr.James Kurian	Member
8. Mr.D.Sathish Kumar	Member
9. Mr.R.Venkatraman	Member

The members Mr.ArulSahayam and Mrs.M.Meena expressed their inability to attend the meeting

The online Zoom meeting was started at 9 am. The member secretary welcomed the Chairperson and all other members of the committee.

Out of 62 proposals submitted, 30 proposals were selected for full review. Three investigators could not attend the meeting and 6 proposals could not be reviewed due to technical problems .Hence the following 21 proposals were reviewed.

The details of the suggestion/ decision given for each proposal is given below:

1. P.no.152 .Sagayaraj,Dr. C. N. Ram Gopal,Counseling Psychology, FAHS

Development Of Emotional Enhancement Intervention For Children With Autism

- NIEPMD permission letter to be obtained
- To have Co-guide from the institution where the study will be conducted
- To get get official confirmation from AIIMS, IMH and ICH

2. P.no.153 Prem Anand, Dr. Parthasarthy, Dept. of Radiodiagnosis

Radiological evaluation and correlation of CT severity scoring with clinical outcome in RT-PCR confirmed COVID-19 infected patients

- To establish competency of the primary investigator to assess CT scoring
- To remove the first objective

3. P.no.154 Jaistrijaushankar, Dr. Imranthariqajam, Dept. of surgery

Comparison of effectiveness of using a suction drain versus corrugated rubber drain by assessing the induction in post-operative period in patients with hydrocele

- To Change title
- To Increase sample size to improve statistical significance
- Exclusion criteria – exclude COVID

4. P.no.155. Dr. Shah Shaivalkalpesh, Dr. Victor Mourangthem, Orthopaedics

Efficacy of proximal femur nail antirotation 2 in unstable trochanteric fractures

- All Surgeries to be performed by the same surgeon
- To mention about the Gap in research.

5. P.no.156 Dr. Mathai NT, Orthopaedics

Outcome analysis following osteosynthesis of Tibial plateau fracture based on the Luo and the Hoekstra three column concept

- All the surgeries to be done by the same surgeons
- To restrict up to 65 years of age in inclusion criteria

6. P.no.157. Dr. Ganashree, Dr. M. B. Sathik Babu, Orthopaedics

Short segment posterior fixation with index level screws versus long segment posterior fixation for management of unstable thoracolumbar fractures - a prospective comparative Study.

- To mention what is new in this study
- To mention the advantage of short segment fixation over long segment fixation
- To include co-morbidities

7. P.no158,Dr. Naren Psychiatry ,Dr.Sabari Sridhar, Psychiatry

A Cross-Sectional Study on Cognitive Functions and Emotional Dysregulation in Alcohol Dependence Syndrome

- To frame the assessment after going through literature
- To use homogenous population for emotional component
- To Compare between voluntary and forced alcoholism

8. P.no159,Dr. SabikaDr.Sabari Sridhar,Psychiatry

A Cross sectional study on relationship between premorbid functioning and perceived wellbeing of patient with schizophrenia in remission

- To Change the title
- To obtain informed consent from both patient and caregiver

9. P.no160.Dr. Mridulla,Dr.Sabari Sridhar,Psychiatry

A Cross-sectional Study on comparison of prevalence of Minor Physical Anomalies between bipolar affective disorder and unipolar depression

- To have a Comparative scale.
- To exclude acquired anomalies.

10. P.no.161.Dr. NoorulAina,Dr. M Alexander,Dr.BhimanaVaishnavi,Paediatrics

Simethicone-fennel oil versus indian hammock intervention in the prevention of functional gastrointestinal disorders in early infants: an open-labelled, randomized controlled trial

- To Exclude neonates without colic
- To revise methodology

11. P.no162,Dr. Boopathi,Dr.Arunashanmuganathan ,Pulmonology

Assessment of antibody level and factors determining antibody response in post covid-19 recovered subjects.

- To Keep more time points for collecting data
- Estimation of IgG @ 3 time points – initial, at the time of discharge and after 3 months on steroids
- To obtain Consent form from psychiatric patients.

12. P.no.163.Dr. Fathima,Dr.Arunashanmuganathan ,Pulmonology

Point of Care predictive model for early diagnosis and disease prognostication in patients with Covid-19

- To Change the title
- To Include non COVID patients

13. P.no.164.Dr. Nandhini. S ,OBG

A comparative study of ormeloxifeneversus progestin in dysfunctionaluterine bleeding

- To have a co-guide from Pharmacology department
- To conduct the study as a long term follow up study

14. P.no165.Dr SoundaryaDr.C.Anuradha,ObG

A comparative study in determining the safety and efficacy of antimicrobials with probiotics and without probiotics in vagina infection

- Methodology incomplete – mention how case will be confirmed
- Revise methodology and resubmit

15. P.no167 Dr.Priya, Dr.C.Anuradha C.R

A comparative study of efficacy of isosorbidedimononitrate versus dinoprostonegel in induction of labour

- Time of consent taking to be mentioned
- Mention monitoring BP
- Time point of intervention has to be mentioned
- Epidural to be added in the protocol

16. P.no.168.Dr. Durgakrishnan, Gen Medicine

Prospective observational study to assess the correlation of desaturation of after 6 minutes walk test with HRCT based lung injury

- To mention who will monitor the patient
- To Validate – initial O2 saturation

17. P.no.169.Dr.SwethaSingh,Dr.sailatha, OBG

Prevalence of heart disease among asymptomatic antenatal mothers: a prospective study

- To fix one time point for ECHO
- To change the title
- To change methodology

18. P.no.170.Dr. Sahasra,Prof.Dr.Vijayalakshmi.K,Prof.Dr.Anuradha,OBG

A study of the influence of early pregnancy bmi, gestational weight gain and its effects on materno-fetal outcomes

- Suggested to conduct as a retrospective study
- To mention about the intervention planned

19. P.no.171.Dr.Sathyakamala,Dr.Nirupa.S,Moicrobiology

The dangerous triad COVID19, Bacterial infections & antimicrobial resistance-an ethical challenge

- Approved

20.P.172. Mrs.VeenaJoseph,college of nursing

Nursing students perception towards pandemic pedagogy-a cross sectional survey

- To modify the proposal and resubmit
-

21.P.no173..Dr. SaxenaMeghaDhirendrakumar,Dr.kishorebabu

Comparison study between useof bade razor shaving versus depilation cream for preoperative skin preparation

- To represent

The meeting ended with a vote of thanks from the Member secretary.
