

Research Seminar:

Date	Name	Topic
26.08.2025	Sharon Benita S	Synergistic effect of fabricated formononetin-loaded chitosan-oxidised sodium alginate scaffolds against diabetic wound healing on in vitro and in vivo models
	Thirumalai A	Design and Synthesis of Carbon-based Nanomaterials for Theragnostics Applications
	Suganya S	Association between omentin 1 gene polymorphism rs2274907 and rs2274908 with coronary vascular disease in south Tamil Nadu population – A case-control study
	Avinash T S	Comparative Evaluation of Structural and Biomechanical Parameters of Lamina Cribrosa in Patients with Ocular Hypertension and Primary Open-angle Glaucoma Using OCT
	Prasanna Dahal	Impact of Clinical Pharmacist-Led Intervention on Management of Diabetic-Hypertensive Patients
	Hari Babu L	Combined Efficacy of modified constraint induced movement therapy with itch stimulation vs transcranial direct current and functional electrical stimulation on Upper limb recovery among stroke population-A Single blinded randomized control trail
	Indumathi R	MRI based assessment of white matter abnormalities in children with developmental delay
	Suman	Impact of Multimedia Teaching Interventions on Addressing Social Anxiety and Promoting Self-Esteem among Adolescents (13–17 Years) in Urban and Rural Schools of Kolar District
	Melvin David M	The Effectiveness of an AI-Based ChatBot for Basic Science Nursing Tutoring Among Nursing Students in Andhra Pradesh
	Virgin J	A study to assess the effectiveness of Video Assisted Strengthening Package (VASP) on Knowledge, Practice and Readiness of postnatal mothers to provide Developmentally Supportive Care (DSC) for small babies at home in St. John's Medical college hospital
	Vanithadevi E	Molecular detection analysis and genetic diversity of dengue virus
	Manas Chakravarthy K	DNA Methylation alterations in GPR-15 Gene of Peripheral Blood Mononuclear cells as potential biomarkers for Smoking induced cognitive decline and health risks across Chronic, moderate & Non-Smokers
	Moby Saira Luke	Characterisation of MDROs isolated from Diabetic foot ulcers with special reference to Linezolid Resistance from a Tertiary Care Hospital in South India

	Praveen A Loni	A mixed-methods study on the efficacy of add on need-based Life Skills Training Package (LSTP) to Relapse Prevention Programme (RPP) in patients of alcohol dependence
	Revathi S	A study to assess the effectiveness of nurse led intervention on physical activity and emotional well - being and to explore the perception of nurse led intervention on quality of life among adult women with obesity (20 – 40 years) residing in selected rural areas, Erode district – a mixed method approach
	Karthikeyan R	Green Synthesis of Bi, Cu doped cubic spinel ferrites for the photocatalytic degradation of organic textile dyes
01.08.2025	Neeharika Sara Sennie	Investigating the Potential of Small Molecules via Targeting the Wnt Pathway and Cancer Stem Cells as a Therapeutic Target for Colon Cancer
	Sibin N	Novel Insights into Epigenetic Modifications and Molecular Mechanisms of Spalt-Like Transcription Factor-4 (SALL4) in Colorectal Cancer: Exploring p53-Dependent Frontiers in Therapeutic Approaches
	Suganya P	Social Support Level, Mental Health Well-being, and Health-Related Quality of Life among Women of Reproductive Age Group with Smokeless Tobacco Consumption in Central India: A Mixed Method study
	Annamreddi Leelavathi	Assessing the Effectiveness of a Nurse-Led Self-Care Education Program on Knowledge, Self-Care Practices, and Quality of Life among Adolescents Living with Sickle Cell Disease in Selected Hospitals of Raipur, Chhattisgarh
	Revathy D	A study to assess the effectiveness of Nursing care intervention to prevent diabetic foot complications among type 2 diabetes mellitus patients in a Secondary care hospital
	Dinesh Kumar R	A study to assess the effectiveness of Nurse led intervention on perceived stress, quality of life and sleep among students with dry eye syndrome in selected colleges at Kanchipuram
	Lakshmi N	Association of insulin resistance, adiponectin and leptin (rs11761556 and rs12706832) gene single nucleotide Polymorphism in Type2 diabetes mellitus patients in a tertiary care Centre, Tamil Nadu, India: A Case – Control study
	Sameer Ahmad Mir	The Effect of Injection Tramadol on Postoperative Shivering: An observational study
	Chinta Divya	A Prospective Study to Evaluate the Use of Routine Biomarkers as Surrogates for Immune Subphenotyping in Sepsis: Identification of Hyper- and Hypoinflammatory Endotypes and Their Association with Development of Organ Dysfunction, Treatment Needs, and Clinical Outcomes in Emergency and Intensive Care Settings
	Farhana Begum A	Molecular analysis of SOD2, CAT, GPx1, MIOX, and C19ORF81 gene polymorphism on oxidative stress, and their association with diabetic nephropathy among type 2 diabetes mellitus patients

	Senthil Kumar A	Effect of aqueous extract of Salacia oblonga on the expression of transcription factors PDX-1 and MAFA in beta cells of streptozotocin induced diabetic Wistar albino rats
22.07.2025	Anshu John	Fabrication and Evaluation of Drug-Loaded Liposomes for the Treatment of Acne Vulgaris
	Geetha D	To evaluate the effect of pestalotiopsis microspore, agaricus bisporus and pleurotus ostreatus on digesting select single use plastics
	Jabaseeli Gladies Mary	An Exploratory Study on the Impact of Parenting Styles upon Challenging Behavior, Socio-Emotional Skills, and Academic Performance among School-going Children in Selected Schools at Villupuram, Tamil Nadu
	Deepa S	A study to assess the effectiveness of a Nurse-Led intervention on Quality of Life and Semen Parameters among Infertile Men: Randomized Controlled Trial
	Divya Naga Teja Cheraku	Serum Lipid levels and Salivary Bone Marker Dynamics in Type II Diabetics and Non-Diabetics with Periodontitis
	Jothilakshmi K	Study to assess the effectiveness of menopausal health promotion and life style modification tutelage on Knowledge, Attitude and Quality of life among women in perimenopause and to explore the perception of quality of life after tutelage among women in perimenopause aged between 45 -55 years in selected rural areas at Namakkal district – Mixed approach(quantitative and qualitative approach)
	Abarajitha S	Effect of ethanolic seed extract of strychnos potatorum on the renal expression of fsp-1 and zo-1 proteins in streptozotocin induced diabetic nephropathic wistar albino rats
	Surekha R	Diurnal variation of pulmonary function in different occupation and its correlation with cognitive abilities of the subjects
	Thangam Aswathi Ramesh Ahila	Therapeutic Modulation of Gut Microbiota and Hepatic Recovery by Probiotic and TPOm Combinational Therapy in an APAP-Induced Liver Injury Mouse Model
09.06.2025	Susmita Roy	Investigating the Anticancer Potential of a Brewer's Spent Grain-Derived Peptide and Its Modified Analogues in Colorectal Cancer: Insights from in silico and in vitro studies
	Bindiya R S	Association of obesity with pulmonary functions, lipid profile and hematological changes among female hypothyroid patients of coastal Karnataka
	Surjith M	Effect of protein supplementation on physiological and biochemical parameters in south Indian male bodybuilders
	Prathima M B	Prevalence of thyroid dysfunction with its subcategories and special reference to Autoimmune Thyroid disease in a tertiary health care centre in Dakshina Kannada district

	Shameem Fathima A	Effectiveness of Varmam Therapy in Managing the Symptoms of Knee Osteoarthritis Patients
	Sreelakshmi A P	Study on TXNIP and NLRP3 gene and pyroptosis markers among young hypertensive individuals and their risk for coronary artery disease
	Aswathi K P	A study on the genetic expressions of nlrp3 and il-18 among women experiencing bad obstetric history (boh)
	Mutala Kishor Kumar Reddy	Effectiveness of combined exercise regimen and DMARDS medication on spinal mobility, physical function and quality of life in subjects with Ankylosing Spondylitis
	Vijaya Nirmala K	Effect of Structured exercise intervention on pain, physical function and quality of life in subjects with Chronic Mechanical Low back ache
	Jasmine Sharmila P	A study to assess the effectiveness of Laughter Therapy on stress, anxiety and quality of life among senior citizens in selected village, Dharapuram, Tirupur district
	Eswari P	Effect of structured aerobic exercise program on glycemic control homemakers with type 2 diabetes in rural areas of Tamil Nadu
	Jincy W	Association between GLP-1R Gene Polymorphisms and Obesity in South Indian Patients with Type 2 Diabetes Mellitus
	Chitra S	An Interventional study on Caregiver burden, Anxiety and perceived social support: Their Impact on family functioning among caregivers of Psychiatric patients
06.05.2025	Ashokkumar K	Integrative Transcriptomics Profile and Molecular Simulation Reveal COL1A1 as a Key Oncogenic Target in HNSCC: Validated through Cell Culture and Real-Time Expression Studies
	Monisha K	Protein-metal-biopolymer based composite biomaterial for bone tissue engineering
	Veerla Rakesh	Bio-Analytical method development and validation by LC/MS/MS technique
	Fathima Sahla K	A multidisciplinary investigation into MAO-B inhibitors through computational design, synthesis and biological evaluation
	Purushothaman M	Anticancer Activity of Mimulus elengi Flower Nanoparticles Using a Zebrafish Model
	Vishwasrao Sunil Mhatarba	Extraction, phytochemical screening, molecular docking studies, and In Vitro and In Vivo pharmacological studies of the root of Berberis Aristata

	Anupriya S	Impact of a Holistic Yoga Program on Anxiety and Endocrine Parameters in Women with PCOS
	Neema	Effect of structured Yoga intervention on quality of sleep and Cardio vascular health in adults with OSA Syndrome
	Preethi P	A study on predicting stroke severity using Magnetic Resonance Imaging and hematological biomarker in acute ischemic stroke – A prospective Study
	Pasi Sanjay Haripat Sheetaldevi	Investigation on the removal of Antibiotics from wastewater using ABO ₃ Perovskite-based catalysts synthesized with Plant Extracts
	Sumathi S	A study to evaluate the effectiveness of the MyPinkMom intervention program on hemoglobin levels, knowledge, attitude, and practices regarding anemia, as well as its impact on maternal and fetal outcomes among anemic pregnant women in the OBG block at Thoothukudi Medical College and Hospital, Thoothukudi district
	Mounesh Badiger	A Study To Assess The Effectiveness Of Awareness Programme On Internet Addiction Among Bsc Nursing Students At Selected Nursing Colleges In Belagavi District, Karnataka
	Saranya D	Effect of Interactive Video Teaching regarding Digital Citizenship Safety Programme on Knowledge, Attitude, Digital Behavior, and Mindful Digital Practices Regarding Digital Citizenship Safety Among Adolescents in Selected Schools at Chengalpattu District
	Subulakshmi S	A study to assess the effectiveness of yoga on knowledge, biophysiological parameters, and quality of life among women with polycystic ovarian syndrome at selected hospitals
	Shasikala V	Effectiveness of Moderate intensity aerobic exercise and dietary intervention on anthropometry, psychological wellbeing and quality of life among adult women working at selected educational institution, Bengaluru: 2X2 Factorial design
05.05.2025	Sujitha S	Effect of Multimodal Intervention on Musculoskeletal Induced Impairment in Enhancing Breastfeeding Practices Among Postpartum Women - A study at a Tertiary Care Center
	Susmitha S K	Investigation on the toxicity and antibacterial efficacy against MDR strain of Phytomediated silver ferrite nanoparticles
	Ashiq Shibili P	Role of human umbilical cord-derived mesenchymal stem cells and the exosomes to regulate unfolded protein response in hepatocellular carcinoma
	Saranya G	Emotional Suppression, Forgiveness Tendency, and Coping Flexibility in Interpersonal Difficulties: An Interventional Study with Transgender Individuals
	Gayathri M	Exploring the potential of phytic acid on insulin resistance in high fat diet and sucrose induced type 2 diabetic rats

	Lavanya S	Cross sectional study of hormonal profile in chronic kidney disease
	Kamlesh Kumar Ray	A study to evaluate the effectiveness of effectiveness of lifestyle changes and pelvic exercise on regulation of lower urinary tract symptoms among patient with BPH at selected hospital, Bangalore
	Roopa B M	A comparative study to evaluate the effectiveness of power point lectures versus animation-supported lectures in enhancing knowledge on infection control among First semester BSc nursing students at selected nursing college, Bangalore
	Nallathai C	Effectiveness of frailty intervention on nutritional education (FINE) & yoga on Physiological parameter, Nutritional status, Functional status and Health related Quality of life among elderly at selected community settings
	Elavarasi E	A Study to assess the Effectiveness of Multifaceted Educational Program on Blood Pressure Control, Cardiovascular Risk Factors, and Quality of Life among Patients with Hypertension in selected Hospitals
	Pooja Pallavi C	A study to assess the impact of screen time on emotional intelligence of adolescents
	Seline Jeyaseeli A V	A study to evaluate the effectiveness of soya beans dietary supplement on reduction of menopausal symptoms among housekeeping working women in a selected Medical College Hospital & Research Institute, at Madurai District.
	Elamathi E	Effectiveness of motivational package on physiological, psychological parameters and quality of sleep among antenatal mothers at antenatal OPD, Chettinad hospital and Rresearch Iinstitute, Chennai
	Aruna T	To evaluate the effectiveness of awareness on knowledge regarding human milk banking among antenatal mother in Victoria hospital
	Vijayalakshmi K	Impact of nurse led intervention on eating disorders, excessive screening time and associated risk factors among school children in selected schools at Bengaluru
	Uma Parvathi G	Effectiveness of a Multicomponent Intervention on Fear of Birth, Childbirth Self-Efficacy, and Self-Care Approaches of Minor Discomforts in Pregnancy and Birth Outcomes Among Primigravida Mothers
	Karma Dolma	Effectiveness Of Comprehensive Home Care On Quality Of Life And Cognitive Function Among Elderly Person At Selected Old Age Home In Virajpet , Kodagu
	Kasi Murugan M	Comparative study of 3D Balanced gradient echo and 3D Volumetric T2 weighted images fast spin echo in MRI in the evaluation of cranial nerves pathology
	Sophia G	Impact of Mindfulness Based Reduction Techniques on Blood Pressure Control among Patients with Hypertension at Kadugondanahalli, Bengaluru

	Vinoth Kumar S	Feasibility Of Online Monitored Pulmonary Rehabilitation Program For Benefiting Copd Patients
	Tanuja Lella	Molecular Docking, Phytochemical Screening, and Antioxidant, Anti-Inflammatory, and Anti-Diabetic Activities of Rubus niveus Leaf Extract
	Ragini K S	A study to evaluate the effectiveness of deep breathing exercise on anxiety and depression among the parents of preterm baby in a selected hospital
02.05.2025	Durga Devi P	Nanomaterial-based fluorometric sensing
	Kiran V	Fabricated Potential Nanoconstructs for Theranostic Applications
	Jayenth J	Exploring the Ameliorative Potential of Selegiline in Hepatocarcinogenesis: Targeting PI3K/Akt/NF- κ B Pathways for Drug Repurposing and Therapeutic Intervention
	Sneha P	Role of Chrysin in Modulating Wnt/ β -Catenin Signaling Pathway and Activating T-cell to Reduce Proliferation of Primary and Metastatic Colon Cancer Cell Lines
	Pandi Selvi R	Molecular and Epigenetics modulation of Limonene in High-Fat Diet and Fructose - induced Type-2 diabetic Wistar rats: A Preclinical Investigation
	Kalpana V	An Eco-Friendly AQBD-Driven Method Development For Quantification Of Active Pharmaceutical Ingredients And Their Formulations
	Chola Raja K	Optimization and Development of Targeted Drug Delivery systems: In-depth kinetic and toxicokinetic evaluation of herbal formulations
	Surya Vijay P	Optimized formulation development and pharmacokinetic evaluation of anticancer drug loaded Nano-cochleates
	Elizebeth Smitha Thomas	Optimization and evaluation of novel colon targeted drug delivery system for enhancement of bioavailability
	Sreelakshmi S S	Evaluation Of Fruit Extract Of Syzygium Jambos (L) Alston For Anti-Ulcer And Antioxidant Activity Using In Vitro And In Vivo Methods On Wistar Albino Rats
	Kavitha A	Melatonin and its influence on fertility in rats with modified sleep pattern
	Prajisha P	Effect of bamboo seed extract on reversibility of infertility in rat after administration of an endocrine disruptor Bisphenol A

	Sandhya P	Genetic and Biomarker Analysis of UMOD Variants (rs13333226 & rs4293393), Uromodulin, and Netrin-1 in Diabetic Nephropathy – A Cross-sectional Study
	Saishyam Sadanandam	LDLR Gene Polymorphism and Its association with Soluble LOX-1 in Acute Coronary Syndrome
	Acksen T Raja	A Comparative Study of Outcome of K-Wire Fixation Versus Intramedullary Bone Cement Fixation in Elderly Patients with Colles Fracture
	Vitsomenuo Judith Pienyii	Evaluation of the Impact of Stone Dust on Pulmonary and Non-Pulmonary Systems among Stone Quarry Workers in the Hilly Regions of Nagaland
	Chandraleka C	Molecular Epidemiology And Characterisation Of Orientia Tsutsugamushi From Patients With Scrub Typhus In Vellore, South India
	Asha K	Impact of Accreditation and Ranking Exercises on the Governance and Performance of Higher Educational Institutions in Health Science
	Prince Thomas	Biochemical and Molecular Expression of Endothelial Dysfunction and Risk for Premature Coronary Artery Disease with Special Emphasis on THBS1
	Gaayathri K	Development and evaluating the effectiveness of psychological intervention protocol for preoperative anxiety, stress, pain among patients undergoing major orthopedic surgeries
	Sandhiya R	Correlation Between Serum Levels Of Visfatin And Leptin With Severity Of Coronary Artery Disease
	Kavitha K	Effect of conventional Breathing exercise vs yoga mudra on cardiopulmonary efficiency in healthy volunteers
08.04.2025	Haritha N	Study to assess the role of Apoa1 gene polymorphism and dietary pattern as a predictor for cardiovascular disease risk in metabolic syndrome among young adults – cross sectional study
	Amala Seeli M	Effectiveness of hot water with epsom salt vs epon salt with glycerin on knee joint pain and quality of life among elderly women –a mixed method
	Sowmiya S	Genetic variants, biomarkers and renal implications in metabolic dysfunction associated fatty liver disease (MAFLD) : Unravelling the complex nexus
	Kayalvizhi M	Effectiveness of video based intervention on nurturing new life to empower postnatal mothers and enhance neonatal health
	Karkuzhali M	Characterization of biofilm-forming bacterial pathogens associated with hospital-acquired infections and evaluation of anti-biofilm potential of selected plant extracts

	Nirmal Kumari M D	A study to assess the effectiveness of video-assisted training on impact of super brain yoga for stress and anxiety management among middle adolescents in selected schools at Kelambakkam, Chengalpattu dist,TN
	Gali Priyanka	Assessment of Diaphragmatic Thickness Fraction (DTF) Along with Rapid Shallow Breathing Index (RSBI) as a Predictor of Successful Extubation in Mechanically Ventilated Patients: A Pilot Study in a Tertiary Care ICU
	Saraswathi R	Study of Anti-migraine activity on selected medicinal plants
	Bharath K S	Study of Anti-Allodynic Effect on Selected Medicinal Plants
	Remya Ravindran	A Study on design and development of Roflumilast Topical Nanocarrier using silver nanoparticles for the treatment of Psoriasis in animal model
	Anu S A	Association of ITM2A, TNF- α , IL-6, and TPO gene polymorphisms with Autoimmune thyroid disorders - A case-control study
	Ravindran M	Toxicological assessment of in vivo acute toxicity and reproductive toxicity study of Mucuna pruriens seed (Velvet Bean) extract
12.12.2024	Abinaya E	Evaluation of Immunogenicity, Efficacy and Safety of single dose of COVID- 19 vaccines (Covishield and Covaxin) in previously SARS-CoV-2 infected individuals - A Randomized controlled clinical trial
	Jasmine M	Development and Validation of the Competency-Based Assessment Scale (CBAS) for assessing Community-Based Training in Undergraduate Medical Education
	Deshpande Chintamani Shrinivas	The comparative effectiveness of the ELSE Protocol (Eccentric Loaded Scapular Exercises) and Scapular Stabilization Exercises (SSE) on dynamic postural control, cognitive functions, and mental fatigue in professional cricket players
12.11.2024	Vidya S	Life Style, Environmental and Genetic Aspects of Heart Failure With Special Emphasis on NKX2-5 Gene Expression
	Sri Janani Vasanth Marar	Development of Queer Affirmative Mental Health Care Training and Its Impact on Clinical Preparedness, Knowledge and Attitudes among Mental Health Professionals
	Sheena K S	Role Of Genetic And Epigenetic Factors Of Pcos And Endometriosis In Implantation Failure Among Women With BOH
	Visuvasam J	Clinical, Microbiological and Laboratory aspects of Leptospirosis - A hospital-based study
	Jayakumar V	Assessment of Safety and Efficacy of Roflumilast as an Adjuvant therapy in the treatment of Pulmonary Tuberculosis

	Dhanalakshmi P	A Study on Prognostication through Pharmacist Consultation: Gestational age factors from Maternal to Parental mothers – A Randomized Control Trial
19.10.2024	Keerthi N	Effects of Fruitflow in Modulating the Fate of Human Umbilical Cord-Derived Mesenchymal Stem Cells and their paracrine factors
	Ameena Farhana D	Evaluating The Antibacterial Effect Of Fruitflow® (Water Soluble Tomato Concentrate), HG (Ii) Complex And 9- Butyl Adenine Against Microorganisms
	Jessy Mercy D	Studies on effective wound healing capacity of nanoformulated selected plant extracts
	Rashmi Pauline M	Effect Of Baicalein Loaded Liposome Nanoparticle Against Selected Strains Of Microorganisms
	Saranya V	Anticancer Efficacy of Diosmetin and Troxerutin Loaded Chitosan-Carboxymethyl Dextran Nanoparticle: In-Vitro and In-Vivo Models
	Mahema S	Network-Derived Radioresistant Breast Cancer Target with Candidate Inhibitors from Brown Algae: A Sequential Assessment from Target Selection to Quantum Chemical Calculation
	Jency Roshni A	Integrating Blood Biomarkers and Marine Brown Algae-Derived Inhibitors in Parkinson's Disease: A Multi-scale Approach from Interactomics to Quantum Mechanics
	Ranjith B	Assessing TPO and Extracellular vesicle therapy for alleviating acetaminophen-induced liver injury in the small animal model
	Satheesh S	HPC-PVP Encapsulated Curcumin Loaded Cerium & Zinc oxide Film by Using Juglans Regia Methanolic Leaf Extract: Screening its Antibacterial, Anti-Inflammatory, Antioxidant, and Cytotoxicity Activities Against L929 Cell Lines - An In Vitro Study
	Sheena Mariam Thomas	Novel Genetic Polymorphisms Associated with Polycystic Ovary Syndrome (PCOS) among Females in South Indian Population: A Case-Control Study
07.10.2024	Sibi S	Antineoplastic evaluation of Sansevieria suffruticosa N. E. Br leaves and its molecular mechanism
	Neethu Varghese	Pharmacological evaluation of selected Ipomoea species The current study focuses on the phytochemical screening and antidiabetic potential of Ipomoea muricata and Ipomoea obscura plant extracts. Methodology
	Praveen Kumar C	Association of Candidate Gene Polymorphisms with Myocardial Infarction in a Tertiary Care Hospital
	Jethendra Kumar M	Genetic predisposition of selected gene polymorphisms in the development of gestational diabetes in South Indian women

	Akshara S	Chitosan / Alginate / Hydroxyapatite with Bioactive Components for the Management of Dental Caries
	Gandipalli Suma	Effect of Robot Assisted Arm Training (RAAT) on Arm function, ADL and Quality of Life among Ischemic Stroke Population – A Randomized Controlled Trial
	Praveena D	Efficacy of Device – guided breathing exercises along with aerobic exercises on pulmonary function, breathing pattern, asthma control, mental health and quality of life in adults with bronchial asthma
	Hepsiba Beula Rajam T	A study to assess the effectiveness of knee strengthening exercises on level of pain and physical function among old age people with knee osteoarthritis in Tagore medical college and hospital at Chennai
26.09.2024	Vinoth Gnana Chellaiyan D	Effect of telemedicine services on lifestyle behavior insulin resistance and glycemic status among patients with type 2 diabetes mellitus
	Raja D	Impact of Vitamin D Supplementation on Glycemic Control and Quality of Life in Type 2 Diabetes Mellitus: A Randomized Controlled Trial
	Anuradha G	A Study of FTO gene polymorphism and its association with hypothyroidism in patients with type 2 diabetes mellitus
	Bijesh Vatakkeel	Pharmacological profiling and neuroprotective activity of cocos nucifera linn. Flower extract in alzheimers disease
	Rahul K	Exploring Promising Multi-targeted Drug Candidate for Alzheimer's Disease from Compounds Based on Benzalaniline with 1,3,4-Oxadiazole Skeleton
	Kuniseti Nagendra Babu	Development and evaluation of lipid-polysaccharide hybrid nano formulations of anti-diabetic drugs for management of type -2 diabetes mellitus
	Jyothi N Nayak	A comparative study of macroscopic and microscopic structure of placenta and umbilical cord in normotensive and hypertensive IVF pregnancies
	Aswathi Rajan	Role of adiponectin, il-18 and nfatc4 (nuclear factor of activated t cells 4) gene expression for the early prediction of CVD in subjects with prediabetes
	Diptimayee Das	The cardioprotective effects of Fruitflow® against Doxorubicin-induced toxicity in rat cardiomyoblast cells H9c2 (2-1) and high-fat diet-induced dyslipidemia and pathological alteration in Wistar Albino rats
22.08.2024	Santhini Gopalakrishnan S	Role of Oxidative Stress, Adiponectin and its Gene Polymorphism among Diabetic Nephropathy Patients in South India- A Case Control Study
	Kadam Pramod Vithalrao	Development of Mechanistic Physiological Based Biopharmaceutics Modelling (PBBM) for Desired Drug Products: Special Emphasis on Physicochemical Properties

	Disha K Davis	The study of Oral Cavity Parameters in Parkinson's Disease
	Yalamanchili Swapna	A Study on analysis of factors associated with blood donation and to predict influencing determinants of intent to repeat blood donation
	Jino Affrald R	Gold – chitosan nanocomposite as an intranasal drug delivery system for management of demyelinating disorders
	Harini K	Investigation on Nanoformulated Antidepressants against Major Depressive Disorder
	Janakiraman V	Systems biological investigation revealed inermine from Panax ginseng exerting potential inhibitory effect against network-derived exosomal proteomic target associated with pathogenesis of coronary artery disease
	Iyshwarya B K	Genetic polymorphism associated with hypothyroidism among females in South Indian populations
05.08.2024	Deepika B	Effect of Nanonutraceuticals in delaying Cancer
	Om Prakash P	Effectiveness of Ancillary Cardiopulmonary Therapeutic Regimen on Tissue Perfusion, Post-operative Pain, and Pulmonary Functions During Acute Phase I of Cardiopulmonary Rehabilitation Following Coronary Artery Bypass Graft Surgery – A Randomized Controlled Trial
	Manikandan R	Modified Release Dosage Form Design In Pediatric Age Group Using Pharmacokinetic Models
	Naveen B	Study on the association between genetic polymorphism and pulmonary tuberculosis among tribal population
	Sai Archana P	Applications for marine based chitosans & their derivatives in dentistry
	Sheeja Kumari M	A Prospective study to assess the effectiveness of family based self motivational program (burger Allen exercise) in promoting peripheral circulation and its correlation with imaging technique among diabetes mellitus patients in South Indian population
	Paramasivam Asari Geetha	A prospective study to evaluate the effectiveness of Ventilator Bundle Technique in the prevention of Ventilator Associated Pneumonia among patients on Ventilator in Intensive Care unit in Kanyakumari Govt. Medical College Hospital
13.06.2024	Balumanohar R	Effectiveness of structured physiotherapy exercise program on range of motion, cross-sectional area of muscle, and functional outcomes among patients with type II diabetes frozen shoulder

	Vinod Kumar K C	Effect of Lower body, Core and Upper body Kinematic Chain Exercise Protocol on Throwing Performance and Shoulder muscle Strength among University Shot Put Athletes – A Randomized Controlled Trial
	Venkatesan R	Efficiency of Scapulo-Humeral Muscle Activation Versus Kinesio taping in Shoulder Subluxation among Sub-Acute Stroke Survivors” -A Parallel group trial
	Gayathri K C	Effectiveness of Early Intervention on Developmental Milestones Among Early-Term Babies – A Single Blinded Randomised Control Trail
	Ashok Reddy Mudimela	Comprehensive Study of Nalbuphine Ester Prodrug: Depot Injection for Pharmacokinetic Profiling and Topical Gel for Rheumatoid Arthritis Therapy
	Ashakumari P G	To Compare the Variations in The Levels of Protective Salivary Proteins in Dental Caries with Type 2 Diabetic Patients
	Krishnan Nair Sudheesh Kumar	Assess the utilization of Maternal Child Health Services on Health outcomes among the Post-natal mothers in Kanyakumari District of Tamil Nadu
08.05.2024	Gobardhan Bal	Development and Application of Physiologically Based Pharmacokinetic Models for Low Solubility Anticancer Drugs to Minimize In-Vivo Studies
	Abithaevangelin A	A study on mycotic keratitis with special reference to the etiological agents, their susceptibility pattern and the antifungal effect of novel biological compounds
	Ravi Chandra Babu K	A study on effect of Maida flour in Ovary and Uterus in female Wister Rats
24.04.2024	Vignesh S	Neuroprotective effect of carboxymethyl chitosan against the light-stress induced neurodegeneration in Zebrafish model
	Gowri N	Effectiveness of audio drama on awareness, hygienic practices, treatment seeking behaviour for minor illness, self-esteem, coping strategies related to menstrual hygiene management among the adolescent girls of visually challenged schools at selected districts of Tamil Nadu
	Saranya S	A Study to assess the Effectiveness of Multidimensional Intervention program on Work related Musculoskeletal symptoms among IT professionals in selected companies; Bangalore
	Gauthami H	Efficacy of distraction methods on pain & anxiety among children during venipuncture
	Dharmalingam M	Genotypic characterization and correlation of host determinants in hepatitis b and c infection
27.03.2024	Gokilavani M	Protective Effects of Hygrophilla Auriculata Seed Extract on Androgenic Activity In Infertile Diabetic Wister Albino Rats

	Rithi A T	Metagenomic Insights of Bacterial Microbiome in Human Population of Coastal and Non-Coastal Regions
	Aishwarya S	Magnetic Nanocomposite of Chitosan and Metal Oxide and Its Photocatalytic Activity
	Pavithra A J	Scrutinizing the synergetic effects of Chitosan loaded with green synthesized Silica Nanoparticles/Epidermal Growth Factor for wound healing
	Navitha N	Effect of structured teaching on health consequences of the abuse of psychoactive substances among adolescents in schools
	Nellore Pratika Reddy	The Effect of Integrated Emdr and CBT On Psychological Distress Among Young Adults with Adverse Childhood Experiences
	Athira Alex	Effect Of Acceptance And Commitment Therapy On Emerging Adults With Poor Psychological Wellbeing
	Anudevi S D	Fabrication of Electrochemical Bio-Sensors to Detect Drug Metabolite in Simulative Biological Fluids
	Bibin Savio	Evaluation of individual and combinational effect of the nano- Epigallocatechin gallate and Tectochrysin on cancer microenvironment
	Umamaheswari N	Effectiveness of Video Assisted Learning on Adolescent Health Intervention Among Selected Adolescents
	Kavitha S	Effectiveness of Virtual Reality Therapy on Visual Perception and Balance for children with Attention Deficit and Hyperactive Disorder
25.03.2024	Rajesh T	Studies on the effect of Tinospora and Nicotinamide riboside on High Fat Diet induced non-alcoholic fatty liver disease in animal models
	Lavanya S	Effect Of Inula Racemosa In Lipopolysaccharide-Induced Acute Lung Injury In Mice
	Porkodi M	Effectiveness Of Video Assisted Teaching On Sexual Health Among Adolescent Girls
	Sherin R S	Histomorphological Study Of Placenta Of Short Interpregnancy Interval In Correlation To Foetal Birth Weight Of South Indian Population
	Sindhu A	To study the Functions of Neutrophils among the COPD patients visiting a tertiary health care hospital, Tamil Nadu, India: Analytical Cross-sectional study

	Lokesh P	Microneedles Based Delivery System For Biomedical Applications
	Tamil Selvan M	Intranasal Route (Non-invasive) Fosphenytoin loaded Nano Lipid Carriers (NLC) Formulation, Drug release, and Invitro permeation studies
	Merlin Shyla D	Assessment of Knowledge, apprehension about anaesthesia & post operative satisfaction among parturients undergoing Cesarean section in a healthcare centre in south India- a cross sectional study
	Jayapriya S	Serum Copeptin and Osteoprotegerin Level in Type 2 Diabetes Mellitus for early diagnosis of coronary artery disease
	Priya Vadhana P	Ocular Applications Of Electrospun Polymeric Nanofibers
	Jannath Beevi	Association of SNP rs2414096 CYP19 gene with vitamin D in PCOS
	Biki Saha	Role of TMAO in the development and progression of Hepatocellular Carcinoma (HCC) via regulation of the NF- κ B signaling pathway
	Dikshita Deka	Investigating the role of 4-Phenylbutyric acid in reducing the endoplasmic reticulum stress-mediated unfolded protein response in dextran sulfate sodium-induced colitis
12.03.2024	Jayabharathi R	Effectiveness of Structured Pilates Training on Core Muscle Stability and Quality of Life in Sedentary Young Adult Women Population
	Paul Daniel V K	Comparative effectiveness of Combined Core and Scapular Stability Exercises Vs Scapular Stability Exercises on Bowling Performance in Cricket fast Bowlers with Scapular Dyskinesia- A randomized controlled trial
	Manjunatha H	Effect of structured combined exercise protocol on the blood glucose level, gait performance and quality of life in subjects with ischemic hemiparesis
	Alakesh Das	To investigate the role of small peptides lunasin, atrial natriuretic peptide and bovine myeloid antimicrobial peptide-27 in reducing colon cancer cell proliferation
	Saranya U	Antiamyloid studies of nano-formulated sulfated polysaccharide derived from marine source
	Janani G	Studies on liposomal formulation of Red Algae extract in cancer management
26.12.2023	Pugazhenthana T	Efficacy of sulfonylurea's in patients with polymorphism in KCNJ11-ABCC8 genetic locus: A prospective cohort study in Chhattisgarh Type 2 Diabetic Mellitus patients

15.12.2023	Nikitha shalom R	Biopolymer based nanomaterials for delivery of 5-azacytidine and epigallocatechin to repair myocardial infarction
	Ruby Shelin A	Genetic and Molecular Characterization of Small Protein B (SmpB) of E.coli and its implication in Transcriptional Regulation
	Rajesh Kumar L	Association of SIRT-1 gene polymorphism (rs7096385) in COPD patients
07.12.2023	Manjunatha Gouda Lingalaginni	Simultaneous Quantitative Analysis of Pulmonary Drugs in Biological Matrices by using Tandem Mass Spectrometry
	Felsis T Angelene D	In Silico And In Vitro Studies On Membrane Acting Small Anti Microbial Agents
	Ramadevi S	Genetic and Molecular characterization of probiotic Escherichia coli Nissle 1917 and the effect of its cell free extract during antibiotic challenge
	Vajagathali M	In vivo and In vitro analysis of the gut microbiome and probiotics for the treatment of antibiotic mediated depressive disorder in the Zebrafish model
